SUPERINTENDENT OF SCHOOLS

As we reflect on East Islip School Community being “all in,” it is clear that our commitment to excellence in education, athletics and fine arts sets East Islip Schools apart as truly exceptional. With a curriculum that challenges and inspires, a robust athletics program and a thriving fine arts department, we provide our students with unparalleled opportunities to gain experiences and succeed.

As we approach the end of the year, let us rally together and

finish strong. Let us celebrate the achievements and growth of our students at the culminating events that will be taking place over the next several weeks. Let us show our East Islip pride and support each other as we continue to strive for excellence in all that we do. We are East Islip, and together, we can achieve greatness.

BOARD OF EDUCATION TRUSTEE

As my first year on the Board of Education comes to a close, it is important to reflect back on things that have been accomplished, but even more important to look toward the future and see what other work needs to be done.

I am so proud of the students we have honored, programs we have begun and positive changes that have been made.

That being said, I will continue to work tirelessly to be a voice for our children and continue to support active parent engagement in the areas of education and social-emotional learning. My goals are to continue to put what is best for children first. Any program, whether it be sports, arts, academics, etc., if it brings a smile to a child’s face and gives

them a sense of purpose, I am all for it. Together with my fellow board members we are going to continue to strive for excellence within the East Islip School District. My 23 years of teaching experience have taught me that we need to make sure that things are child-centered and knowledge driven.

I am excited to continue my work with this Board of Education and our administration. I hope to see more faces at our meetings in the coming year. Thank you for this opportunity, and I will continue to do my best to serve this community.

Sincerely,
Jessica Ciampi
Board of Education Trustee
